This is a map of Alberta showing the areas covered by the electrical wires companies (also called Wires Owners, Wires Service Providers, Distribution Facilities Owners and Distribution Service Operators).

Two wires companies are private (ATCO Electric and Fortis Alberta), several are owned by towns and cities (EPCOR, ENMAX, Red Deer Electric Light and Power, Medicine Hat, etc as you can see below) and some are farmer co-ops called Rural Electrification Associations (REAs).

There are a few dozen REAs. They are scattered throughout ATCO Electric's and Fortis Alberta's areas. Some REAs operate their own electrical distribution system. Some hire Fortis Alberta or ATCO Electric to operate their electrical distribution system.

List of REAs: Armena REA Battle River REA Beaver REA Borradaile REA **Braes REA** Claysmore REA Delburne West REA Devonia REA Drayton Valley REA **Duffield REA EQUS REA** Ermineskin REA Fenn REA Heart River REA Kingman REA Kneehill REA Lakeland REA Lindale REA MacKenzie REA Mayerthorpe and District REA Montana REA Myrnam REA Niton REA North Parkland Power REA Peigan Indian REA Rocky REA Sterling REA Stony Plain REA Stry REA Tomahawk REA V.N.M.
